Upcoming Special Events

Spring Tide Heads South for the Winter

Capt. Tom and Capt. Ron got aboard the Spring Tide on Saturday morning to run the boat down South to the same marina the Tuna Seazure. Now the entire Northeast Scuba Supply Armada is all together with the St. Marie, Tuna Seazure and Spring Tide just a few slips apart.

Since both boats are heated and plenty of space to get out of the weather we are planning on diving as long as Mother Nature allows. Dives lately have been quite nice with a bottom temp of 59 degrees, plenty of lobster and scallops have been filling diver's goodie bags

Digital Cameras In Rental

For more than 15 years I have been seriously involved in underwater photography, shooting primarily slide film and getting some pretty good results. I thought myself too much of a "purist" to use a digital camera underwater..... until now. Northeast Scuba Supply has put into the rental department the Sea & Sea DX-3000G digital camera and it is fun to use! Easy to capture great images and you can instantly see your results! Rent it for \$35 per day or \$125 for the week; includes camera, housing, 64MB SD card and rechargeable batteries.

Relationship with Bally's Fitness

Physical fitness, flexibility and cardiovascular health are all very important for safe scuba diving, especially those that dive locally or venture into technical diving. We have begun a relationship with Bally's where they will host some of our seminars and Northeast Scuba Supply patrons will have the chance to see the fitness center and have a free workout. Bally's certified Personal Trainers will also develop exercises designed to specifically enhance your scuba diving.

Grilled Salmon with Rosemary

- 1 Pound salmon
- 2 tsp extra virgin olive oil
- 2 tsp lemon juice
- 1/4 tsp salt
- Pinch freshly ground black pepper
- 2 cloves garlic, minced
- 2 tsp fresh rosemary leaves, chopped

Cut fish into 4 equal size portions. Combine the olive oil, lemon juice, salt, pepper, garlic and rosemary in a bowl. Brush the mixture onto the fish. Grill fish over medium-hot coals until the fish flakes easily.

To serve, top the fish with capers and garnish with fresh rosemary sprigs.
