

C-5 ANTI SPATTER CONCENTRATE

Product Information

Concentrated to save you money – just add water.

C-5 is a 1 part -100% Liquid Anti-Spatter Concentrate. It contains Synthetic Release Agents to prevent hot spatter from sticking. Spray on the surface to be protected; spatter falling on treated area will not adhere – simply brush spatter away. C-5 Anti Spatter Does Not contain any Silicones – **It is Paintable and will not cause “Fisheyes”**. Compared with any aerosol, C-5 will outperform these products while providing an average Savings of 50% or more.

COST SAVINGS

C-5 is concentrated to save you money. By shipping a Concentrated Product instead of a finished product, we eliminate 80% of the weight. This is a tremendous reduction on freight cost, making C-5 the most economical Anti-Spatter Compound on the market

KITS: Fill Container with Cool Tap Water

QUANTITY	FINISHED PRODUCT

HOW TO USE

C-5 Concentrate is available in 5 Gallon Cubes & 30 and 55 Gallon Drums. E-Z Pour Spigots and Drum Pumps are available from Clearco Products. It's easy to use.

To Mix 5 & 30-Gallon Kits:

Simply fill container with cool tap water.

To Mix Bulk Containers (5, 30 and 55 Gallon Drums):

Mix 1 Part Concentrate to 4 Parts Water

Dispense C-5 Concentrate from the container into a spray bottle (also available from Clearco Products). Spray on the surface to be protected. Spatter falling on treated area will not adhere; simply brush spatter away.
