

## CLEARCO KNIFE LUBRICANT

Reduces friction & provides a sharper cut

Clearco Knife Lubricant is a blend of stainless waxes, sterates and oils that provide a light lubrication to the cutting knife and will not stain the fabric. The lubricant reduces friction between the fabric and the cutting knife, and will not stain the fabric. This provides a sharper cut of the material and cools the knife to prevent the ends from fusing.

To apply, spray directly on the blade as needed. If Drip Attachment is available, fill cup and adjust needle valve to let a few drops onto the blade.

Clearco Knife Lubricant is available in 5, 30 & 55-gallon drums. With initial order, a Free Drum Pump or EZ Pour Spigot (5-gallon) is available.

### PROPERTIES

<b>Form</b>	Liquid
<b>Appearance</b>	Clear
<b>Color Stability</b>	Excellent
<b>Resistance to Degradation</b>	Excellent
<b>Solubility</b>	Dissolves in many Solvents – It is Not Water Soluble
<b>Availability</b>	5 Gallon Cube Containers with Spigot. 30 & 55 Gallon Drums
<b>Flammability</b>	HMIS Rating 2
<b>CAS Information</b>	Petroleum Solvent.....CAS-6472-48-9 Petroleum Mineral Oil.....CAS-8042-47-5 Paraffin Wax.....CAS-64742-43-4 Stearate, Methyl .....CAS112-61-8
